Mason Contractors Association of Hawaii

To:

This year, we are sending notices earlier than we normally do, for we would like for you to consider supporting MCAH 33rd Annual Golf Tournament to be held on June 18th 2010 at Pearl Country Club by submitting the attached early registration form with your payment. We are very much aware of our tenuous economic condition in Hawaii but feel that this worthwhile event should be supported. By becoming a sponsor you are supporting not only the masonry industry but the professional design community, students planning for higher education after High School and the University of Hawaii (School of Engineering & School of Architecture).

The Annual Architects Engineers Golf Tournament sponsors four \$1500 scholarships for children whose parent is a member of the AIA Honolulu, SEA OH, the Laborers' Union, and the Mason Contractors Association. Other portion of the proceeds is earmarked for the University of Hawaii's scholarships, and MIH's promotional & technical programs.

In the last five years, we have given out a total of \$23,000 for scholarships. We have put on programs to honor outstanding masonry projects for the architects, engineers and contractors. Other programs have been set up to facilitate fellowships between developers, architectural community and the structural engineering group.

Your participation in this tournament will be greatly appreciated.

Mahalo.
