2010 AIA HONOLULU DESIGN AWARDS

Thursday, July 29, 2010 at the Hawaii Prince Hotel in Waikiki

The Annual AIA Honolulu Design Awards Program provides an avenue for AIA Honolulu architects to be recognized by their peers for their effort and dedication to excellence in architectural design. The program's intent is to raise interest and awareness of design excellence and of the special role of AIA architects and allied design professionals in the community.

This juried design competition culminates in a gala awards celebration and dinner program to recognize the winners and all of our distinguished entrants. Past events have drawn over 200 attendees.

Our festive event includes live music and networking opportunities in addition to a short program announcing the winners of the juried awards, mayor's choice, members' choice and people's choice awards. AIA members, their clients, industry partners and the general public are invited to attend this premier event celebrating design excellence in our community.

AIA Honolulu would like to offer your firm/company the opportunity to become a significant part of this celebration by choosing one of the available sponsorship levels; Gala Sponsor or Gala Contributor. HONBLUE, Inc. has already committed to becoming our 2010 Award Sponsor—and for their contribution and early commitment we would like to say Mahalo!
